**Subject:** RE: SUPPORTING PAWS

Hello,

I am a low income senior who happens to be a client of PAWS and I can not begin to describe how important their services are to my life. They worked with my landlord to allow me to have a dog, which is what I wanted more than anything in the world and I will always be indebted to them.

They help feed seniors animals and provide a stipend for vet care every year. Having a dog has helped my health so much as it forces me to get out and walk everyday with him, my dog brings me countless joy, and much love I would not have as a isolated and ill senior.

Please seriously consider supporting PAWS and the valuable programs they provide. If you want to discuss this with me I can be reached at (415) 931-7297.

Thank you in advance for your consideration,

Sincerely,

Johanna Chandler
