Subject: Paws

Hi my name is Sandra and I am a disabled senior who has some health issues. If it wasn't for this group I may not be able to keep my service animal up to date with his shots and food. This group was formed to help people like myself who needs a helping hand. They provide more than anyone knows. They provide vouchers to go to the vets when your child is sick or for just a wellness check, also bringing food, meds (like flea med, shampoo, toys, leashes, ,whatever you need if they have you will get. The community that uses paws is mostly disabled seniors low income and veterans. They are so easy to work with and they understand what you need, and will try to help in any way possible. Please continue supporting these groups as we in the community needs them. There are a lot of people who help out the shelters by getting their service animals through the ASPCA. Please continue to help us
Thank you for your time and help
Sandra.
