Subject: Please read & consider my important letter!

To Whom It May Concern,

My name is Steve and I am writing to encourage you to include supportive pet care services in the master plan on aging. As a senior, I know how important it is to focus on keeping people safe and healthy as they age. For me, a big part of that is my cat Stanley. I stay healthy because I want to be alive to take care of him. He keeps me active and happy. I couldn't keep Stanley in my life if it weren't for organizations like Pets Are Wonderful Support. I strongly urge you to include supportive pet care services organizations and programs in the master plan. It is so important for California's seniors to be able to keep their pets – often their only family members – in their lives. Thank you for your consideration.

Sincerely,
Steve Casavant
